

## Shrink Film Card

**Packaging solution for reducing plastic materials**  
Available in TOIN global production sites

Shrink Film Card, being transparent and appealing, is a good packaging option for both protection and promotion purposes. Cost efficiency is also its advantage. While Blister Card requires initial costs for making blister vacuum, Shrink Film Card can save the cost. Our lineup of products has been updated widely, ranging from flat-card type to unique stand-up type.

## POINT! Environmentally-friendly features

- Less plastic materials in packaging by replacing Blister Card with Shrink Film Card
- Help recycling with easy-to-separate papers and plastics
- FSC-certified papers and recycled papers available

### News!

TOIN have installed Shrink Film Card facilities in all our global production sites: Japan, Vietnam and Thailand. We will continue to offer innovative packaging solutions as a part of global supply chains for our valuable customers.
